

Hello!

Thank you for your interest in Cross Timbers Child Care Center. I know that when it comes to the care of your child, you only want what is best.

My goal is to provide the highest quality care and education available. How? By having loving, trained and qualified teachers on staff. To teach and model concepts and values that children can understand (such as love, sharing, kindness, etc.) through stories, conversation and classroom activities. Cross Timbers is a Christian Character Center and we are dedicated to teaching biblical values. Activities include language experiences, math, and science, pre-reading skills, music, gross motor activities, field trips and structured as well as self-directed play. Play is the most natural learning mode for a child; therefore, our program is designed to enrich learning through his/her senses. When children feel good about themselves and about school, they will learn.

My desire is to provide this community with a caring and learning environment for children.

Sincerely,
Debbie Williams
